

Where ideas work

Ministry of Water, Land, and Resource Stewardship Prince George

Flexible work options are available; this position may be able to work up to two (2) days at home per week subject to an approved telework agreement.

There will be occasional travel required; therefore, willingness to travel should be an important consideration in your application.

Wildlife Biologist \$73,855.42 - \$84,134.34 annually

An opportunity to influence complex natural resource initiatives

The Ministry of Water, Land and Resource Stewardship is accountable for integrated land and natural resource management, including objective setting for land and marine environments, effectively managing cumulative effects, and advancing reconciliation with Indigenous peoples, environmental sustainability, and economic growth.

The Wildlife Biologist implements and supports wildlife management.

Qualifications for this role include:

- Minimum of a Bachelor's Degree in biological sciences or related field.
- Minimum four (4) years of related experience (or an acceptable combination of education and experience), including field-based biological sampling, analysis and reporting, and providing advice within a regulatory regime.
- Registered (or eligible) as a Registered Professional Biologist (RP Bio) in B.C. with the College of Applied Biology within six months of employment. **Note:** immediately eligible for registration is defined as being able to transfer a current membership from an applicable jurisdiction. Applicants must confirm their eligibility with the CAB. Confirmation of registration/eligibility will be required before an offer of employment can be made.
- Experience assessing and monitoring natural resources.
