

Where ideas work

**Ministry of Water, Land and Resource Stewardship
Chilliwack, Nanaimo, Squamish, Surrey, Victoria (Hybrid)**

Flexible work options are available; this position may be able to work up to 5 days at home per week subject to an approved telework agreement.

Employees of the BC Public Service must be located in BC at the time of employment.

Senior Biologist

\$85,813.18 - \$97,879.22 annually, which includes a 3.3% Temporary Market Adjustment*

The Terrestrial Wildlife Resources Section is an established and collaborative group within the South Coast Region Strategic Land Use team. The team includes a Section Head, two Senior Biologists, and 4-7 biologists, working closely with related biology teams and land use planners. This group is key in advancing reconciliation, protecting at-risk species and managing terrestrial ecosystems through integrated land and resource management.

The Senior Biologist will lead a regional team of professionals to drive key initiatives focused on wildlife habitat stewardship and species management, including projects on Northern Goshawk, Marbled Murrelet and Black-tailed Deer. This role offers the chance to work on significant regional and cross-ministry efforts supporting habitat protection and species recovery while contributing to sustainable natural resource management and Indigenous partnerships.

The BC Public Service is committed to creating a [diverse workplace](#) to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.

For information about the Indigenous Applicant Advisory Service, please visit: [Indigenous Applicant Advisory Service - Province of British Columbia \(gov.bc.ca\)](#).

Qualifications for this role include:

- Degree in biological sciences or equivalent.
- Registered (or immediately eligible) as a Registered Professional Biologist (RP Bio) in B.C. with the College of Applied Biology within six months of employment. (Note: Immediately eligible is defined as being registered as a Professional Biologist (RP Bio) with the College of Applied Biology within 6 months of appointment. Confirmation of registration/ eligibility will be required before an offer of employment can be confirmed. If you are not currently registered, advise how you have confirmed with the CAB that you are immediately eligible.)
- Experience interpreting and applying environmental management legislation and policy.
- Experience leading staff in project or field settings.
- Experience in public and First Nations consultation processes on ecosystem management issues.
