

**CRGL/DWB is a newly merged consulting firm specializing in services and solutions for the resource sector. With a close-knit team, a diverse client base, and a strong reputation for quality and service, the company operates offices throughout British Columbia.**

---

**Overview:**

We are looking for an outstanding individual to join our team of Resource Professionals. Our mission is to provide the highest calibre of service to meet the needs of our clients, and we are only as strong as the people on our team. We are seeking a **Senior Environmental Specialist / Biologist**, who is motivated, positive, and dependable. Candidates must reside in the **Lower Mainland or Fraser Valley**. The final office location will be determined within the region.

**What We Offer:**

- Flexible work/life balance and a supportive, tight-knit team
- A comprehensive benefits package, including extended health, a bonus program, RRSP matching, professional development allowances, and more
- Opportunities to grow and build your career within a team that recognizes and develops talent
- A fun, professional, and safety-first work environment

**What You'll Be Doing:**

This position offers a combination of field and office work, and its responsibilities will generally include:

- Conducting field programs such as wildlife, fisheries, vegetation, environmental monitoring and habitat assessments, ensuring data quality and adherence to safety procedures.
- Analyzing environmental data and prepare technical deliverables, including reports, habitat evaluations, and GIS-based mapping products.
- Supporting regulatory processes by preparing permit applications, assessing project impacts, and ensuring compliance with provincial and federal requirements.
- Communicating directly with clients regarding project inquiries and updates.
- Collaborating with multidisciplinary colleagues and provide guidance to junior staff during fieldwork, data collection, and reporting.

**Qualifications:**

- A minimum of **5 years** of relevant experience in the environmental field
- RPBio or PAg designation required; CPESC considered an asset
- Strong professional communication skills
- Valid Class 5 British Columbia driver's licence; experience operating 4x4 trucks and ATVs
- Physically fit and able to work outdoors, and willing to work in diverse and demanding conditions

**Compensation:**

- The hourly range is between **\$40-\$50** and will be commensurate with experience.

**Application:**

If you are interested in working with us, please forward your resume to [biologyteam@crgl.ca](mailto:biologyteam@crgl.ca).

*Applications will be accepted until the position is filled. We look forward to hearing from you!*

---

**We thank all applicants for their interest. Only those selected for an interview will be contacted.**
